Fireworks CS4: Basic

AD-FW-BAS-AX Rev 07.09

2 days

Description

In this ILT Series course, students will learn how to use Fireworks CS4 to design effective, high-quality images for the Web. They will learn how to customize the Fireworks environment, create and modify vector shapes; duplicate and merge shapes; create and apply custom colors, gradients, and patterns; import and modify bitmaps; insert and format text; and optimize and export graphics for the Web.

Prerequisites

- *Windows XP: Basic or Windows Vista: Basic*
- *Previous experience with Internet Explorer or another web browser is recommended*
- *Web Design Workshop Using HTML, XHTML & CSS (Levels 1-3)*
