# Illustrator CS4: Advanced

AD-IL-ADV-AX Rev 07.09

## 2 days

### Description

In this course, students will learn more advanced techniques for working with paths, masks, fills, and strokes. Students will also learn how to use transformation tools, envelopes, filters, effects, and graphic styles. In addition, students will learn how to convert raster images to vector art and how to manage color settings, color separations, and print specifications. Finally, students will learn how to work with slices and how to optimize and export images for the Web.

### Prerequisites

- *Windows XP: Basic or Windows Vista: Basic*
- *Illustrator CS4: Basic*
